

A "NICHE" FOR EVERYONE

Exciting things are happening at the College Church. Our church ministries function because of our wonderful volunteers using their spiritual gifts in service for God's work. But we always need more. This "Niche" report lets us know your interests and talents in relation to church ministry. Please check all areas of interest. No limits! But don't worry, checking an item does not commit you. It simply lets our church leaders know that you might be interested in serving, or that you would like more information.

With your participation, we will have an excellent resource for our Nominating Committee and for future needs. Just drop this form in the offering box or turn it in at the deacon's room or church office.
